

# Camden Phalen

EXPERIENCE	<b>Mobile Engineer, Quadio</b> / March 2020 – September 2020	
	Built a streaming and social networking mobile app at a fast-moving startup with React Native, Redux, and Swift. Contributed to a quickly evolving codebase as part of a small team of engineers.	
	<b>Engineer, Upstatement</b> / November 2018 – March 2020	
	Led development of multiple websites from start to finish, ranging from Shopify stores to complex information hubs built with React. Worked closely with teammates to solve clients' problems through design and software development.	
	<b>Front End Engineer, HubSpot</b> / September 2018 – November 2018	
	Made fixes and improvements to HubSpot's page editor, a complex and widely used application. Increased reliability of the editor by building front end testing suites.	
	<b>Project Lead, Scout Studio</b> / November 2017 – August 2018	
	Managed and mentored a group of designers and developers to design and build a marketing website and e-commerce platform for a Boston-based nonprofit. Contributed to UX design and full stack development of the app, which was built with Node and React.	
	<b>Software Engineering Co-op, HubSpot</b> / July 2017 – December 2017	
	Worked with a team of other engineers to implement new design styles on HubSpot's content management system. Rebuilt and modernized HubSpot's CMS template picker app from the ground up with React and Redux.	
	<b>Software Engineering Co-op, Alignable</b> / January 2016 – June 2016	
	Implemented a variety of both new features and bug fixes on a Ruby on Rails-based social networking application. Participated in discussions on the company's future trajectories and initiatives.	
VOLUNTEER	<b>Tech &amp; Photography, Brain Arts</b> / December 2018 – March 2020	
	Built multiple headless CMS-based websites for a volunteer arts organization. Managed a team of photographers to produce consistent high quality images at the organization's events.	
EDUCATION	<b>Northeastern University</b> / College of Computer and Information Science	
	Bachelor of Science in Computer Science & Interaction Design, May 2018 GPA: 3.70	
TECH SKILLS	<b>Front End &amp; Mobile</b>	<b>Back End</b>
	Javascript React React Native Swift	Node / Express GraphQL Rails MongoDB
